

What is take me home?

The **Take Me Home Program** is a regional photo-based information system hosted by the Sheriff's Department accessible by all Law Enforcement in San Diego. It is designed to assist Law Enforcement (Sheriff/ Police) during contacts with the members of the community who have disabilities, such as but not limited to Autism, Dementia, Alzheimer's, Down Syndrome, Deafness or any other Developmental Disabilities.

The program promotes communication and gives Law Enforcement access to critical information about the individual enrolled. **The Take Me Home Program** can provide Law Enforcement with emergency contact information, detailed physical descriptions, and the photograph of the individual, know routines, favorite attractions, or special needs of the individual. This information can assist Law Enforcement in communicating with, locating a residence for, or handling an emergency involving an individual with special needs. This program has photo recognition technology attached to it. If an individual is located and cannot communicate, a photograph of the individual can be taken in the field, sent electronically and checked against those in **Take Me Home Program** for similar or match.

Keeping the Peace Since 1850

HOW DOES IT WORK?

If an officer of the law (Sheriff/police) have found someone who cannot communicate and say where he or she lives, the agent of the law you can search the database take me home throughout the San Diego County. A description of the person and a photograph is available immediately to help with the search. Only law enforcement officers can access the database take me home and all officers of the Law in San Diego have access to the database

The system also works in reverse, if a loved one is lost or moves away, its image and description is available immediately to help with the search. Only law enforcement officers can access the database take me home and all officers of the Law in San Diego have access to the database

With good accurate photos, Law Enforcement can use facial recognition to identify those who are not able to communicate.

The system provides crucial information on the considerations of behavior of the person as: medical conditions, instructions for special care, detailed description of the person and a photography. This information minimizes the response time of the agents of the law and maximizes the search efforts.

ENROLLMENT IS EASY

Caregivers can enroll special needs family members, friends, or clients online at

www.sdsheriff.net/tmh or by calling a Crime Prevention Specialist at their local Sheriff's Stations or Substations. (See back of the brochure)

They can also make an appointment during business hours. They must provide an updated photograph and a completed form from

www.sdsheriff.net/tmh for entry into the

Take Me Home database.

Or sign up the **Take Me Home** Program through our partner agencies.
